IN REPLY REFER TO:

Ser BD042/051
ONR FOIA 16-054
April 25, 2016

Mr. Gregory Sancioff
Juliet Marine Systems, Inc.
62 Deer Street
Portsmouth, NH 03801

Dear Mr. Sancioff:

On April 19, 2016, you sent the Office of Naval Research (ONR) an e-mail describing a file shown to you during your meeting with Dr. Drumheller on or about March 14, 2011. We have located a file matching that description. On April 21, 2016, April Harrid discussed with you over the phone the contents of that file. The contents of that file include: 1) a transmittal sheet; 2) a photo stamped as business confidential; and 3) 7 Juliete Marine Systems, Inc. (JMS) patent applications from the United States Patent and Trademark Office (USPTO). There are blank/unfilled-out coversheets attached to each of the 7 JMS patent applications. On April 25, 2016, you requested a copy of the blank USPTO coversheets from each of the seven JMS patents found in the file held in Dr. Drumheller's safe. We consider the above to encompass your 16-054 Freedom of Information Act (FOIA) request.

Please note that the file found in Dr. Drumheller's safe was not produced in your 16-027 FOIA request because the contents in that file do not include any correspondence or reports from Dr. Drumheller, which was what your 16-027 request asked for. Additionally, we consider your 16-027 request closed. If you wish to appeal this determination, please refer to the April 5 letter for guidance on how to do so.

This is the final response to your FOIA e-mail request received by ONR on April 21, 2016 and given the number 16-054 in our system. I am attaching a copy of your email of April 25, 2016 where you further specify that you only want the coversheets found in the file from Dr. Drumheller's safe. Your request is granted in full. We have located 15 pages that are responsive to your request. Attached are the requested records.

We classify you as a "commercial" requester. As such, we may charge you for all search, review, and duplication costs for processing this request. Accordingly, you are responsible for one (1) hour of professional search and review time at \$44.00 per hour and .15 per page for 15

pages copied for this request. Please forward a check or a money order for \$46.25 within 30 days from the date of this letter payable to the Treasury of the United States. You should mail your check to:

Office of Naval Research
Code BD042, Room 620
One Liberty Center
875 North Randolph Street
Arlington VA 22203-1995

To ensure that your account is credited, you must reference ONR FOIA request 16-054 on your check or money order and attach it to a copy of this letter. If we do not receive your payment within 30 days, ONR may institute a collection action under Federal debt collection statutes. These statutes provide for recovery of interest and administrative costs and penalty charges for handling a delinquent debt owed to the government.

If you have questions about this letter, please feel free to contact Ms. April Harrid at (703) 696-4309 or ONRFOIA@navy.mil. Please reference ONR FOIA 16-054 when communicating with us about this case.

Sincerely,

Kathy Thompson
FOIA Officer

Mr. Sancioff:

The Office of Naval Research (ONR) has received your Freedom of Information Act request on April 21, 2016 and given it the number 16-054 in our system. Please refer to it by that number should you need to communicate with us regarding your request. We consider you a commercial requester, as such we may charge for all search, review, and duplication costs for processing this request. You have agreed to pay up to \$1,500.00 for the processing of your request. If we find that this will not cover the cost of processing your request, we will let you know before we incur additional charges. You can then either agree to pay the additional amount needed or narrow the scope of your request.

In our telephone call today, I said we located a file matching the description of the record requested in your April 19th email. I also told you that the contents of that file include: 1) a transmittal sheet, a photo stamped as business confidential, and 7 JMS patent applications from the USPTO. There is a blank/ unfilled out form/coversheet attached to each of the 7 patent applications. This form is a USPTO form entitled Access Acknowledgment and Secrecy Order

Recommendation By Defense Agency. Again, the form is blank except for the patent application serial number and the date.

The contents in this file is about five inches thick mainly due to the 7 JMS patent applications. You then stated that you just wanted a copy of all the coversheets, even if they were not filled out. I then asked you to submit a new FOIA request.

Based upon our phone call and your most recent FOIA request, I am interpreting this request to include the coversheets attached to your 7 patent applications only.
Please confirm via email that you do in fact only want the coversheets.

Respectfully,

April D. Harrid, Esq.

To Whom It May Concern:

Please consider this an FOIA request, which we are re-submitting per my conversation today with April Harrid regarding FOIA request DON-NAVY-2016-002549 / 16-027.

We would like to request all correspondence and reports from David Drumheller regarding Juliet Marine Systems, Inc. and Secrecy Orders.

To clarify, on Mar 14, 2011 Admiral Richards, RADM, USN, (ret) and I met with David Drumheller at ONR as he was identified as the decision maker for the JMS Secrecy Orders. We met in his office to discuss the Secrecy Orders. During that 45 minute meeting, David Drumheller showed a file to me and Admiral Richards and told us it was the file on JMS he kept in his safe along with the JMS patents. We request all responsive information from this file, in addition to any and all other responsive materials to our request above.

We agree to pay fees for this request up to a maximum of \$1,500.00. If you estimate that the fees will exceed this limit, please inform me first.

Please let me know of any questions regarding this request at 603-319-8412 or gs@julietmarine.com.

Thank you,
